SUMMARY

Highly accomplished and versatile Senior Producer with over a decade of experience in event production, live production, and digital content strategy, adept at overseeing complex projects from concept to flawless execution. Possessing a strong background in creative and technical leadership, I excel at managing budgets, timelines, and cross-functional teams to deliver impactful experiences and exceed client expectations. Proven ability to drive innovation, streamline workflows, and develop talent within dynamic agency environments.

EXPERIENCE

Madecraft - Santa Barbara, California

Senior Learning Content & Innovations Producer | September 2024 - February 2025

- Led technical initiatives and managed product roadmaps to streamline internal processes and drive innovation.
- Designed and implemented an AI-powered automation system for generating video overlay slides, significantly reducing production time while maintaining consistent content quality.
- Developed specialized prompt engineering techniques leveraging ChatGPT and OpenAI API to generate customized, engaging, and audience-specific eLearning materials.
- Created custom Google Apps Script automations, integrating ChatGPT for intelligent data processing, which streamlined data retrieval and minimized human error in workflow.

Senior Learning Content Producer | August 2022 - September 2024

- Produced over 60 high-quality online learning courses, ensuring impactful educational experiences.
- Scaled global reach by localizing key Microsoft 365 training into multiple languages.
- Mentored and developed junior producers, pushing a culture of creativity and efficiency on the team.
- Evaluated new talent, assessing their background, teaching style, and on-camera presence for content production.

Learning Content Producer | March 2021 - July 2022

- Developed 20+ professional development courses for platforms including LinkedIn Learning and Coursera.
- Owned the entire course creation process, from initial concept to final delivery.
- Produced the highly-rated course "Articulating Your Value," reaching over 200,000 learners.

Melogold, Inc. - Los Angeles, California

Founder & Digital Media Producer | September 2016 - February 2021

- Led creative development and video production for scripted, live-action, and animated marketing campaigns.
- Produced and edited high-profile digital content, including Tiny Desk and Live from KEXP concert performances.
- Oversaw projects from concept to completion, managing client briefs, budgets, on-site activations, and final delivery.
- Created marketing campaign assets for national brands such as SeatGeek, New Belgium, and Zocdoc, including a Zocdoc iPhone App TV Commercial with 1.1M views.

The Wild Honey Pie - Brooklyn, New York

Chief Operations Officer & Director of Production | November 2013 - November 2016

- Directed operations and production for a creative agency, streamlining workflows and maximizing output.
- Oversaw YouTube channel viewership growth from 8M to over 22M through strategic digital content initiatives, including branded content with clients like Squarespace and Otter Creek Brewery.
- Executive producer of branded video content and original programming featuring renowned artists.
- Managed a network of creative specialists and oversaw the creation of engaging, experiential live events, such as "Spooky Mansion" and "On The Mountain".

POPLIFE / Radikel - Los Angeles, California

Freelance Event Producer | January 2017 - March 2020

- On-site producer and activation lead for west coast activations for clients like Heineken USA and Target.
- Managed client relations, coordinated with third-party vendors, hired local crew, and executed activations for events such as "Tienda Tecate @ Rolling Loud Festival."
- Demonstrated proficiency in project management, event staffing, and adherence to established timelines and budgets for experiential marketing events, corporate retreats, and festivals.

Area 51 NYC / Aura Sonic Ltd - Greater New York City Area

Recording Engineer & Audio Technician | 2010 - 2014

- Engineered recording sessions with notable artists including Drake, Cyndi Lauper, David Guetta, LL Cool J at premier NYC studios.
- Managed complex audio production environments for studio recordings, live events, and mobile recording applications.
- Developed technical expertise in professional audio equipment, acoustics, and multi-track systems.
